

# Classroom News

Teacher: Ms. Chris

Date: FEBRUARY

## FRIEND OF THE DAY

We will be starting in February a feature called Friend of the Day.

I've attached to this newsletter a description of Friend of the Day and what it entails.

If you have any questions regarding this, please do not hesitate to contact me.

## VALENTINE DAY

Valentine day can serve as a nice reminder to us all to remember to say good things to the people we love.

If you would like, please have your child bring a valentine for their friends. We will pretend we are mail carriers and have our very own post office. (A great way to have your child practice printing their names on the valentines)

## HISTORY

February is a great month to learn about our past and present presidents.

Who was George Washington, Abraham Lincoln, Barrack Obama?

Who's on a dollar bill or a penny?

They'll find out these answers and more about our presidents.

## DENTAL AWARENESS

We will have a special unit on taking care of our teeth this month.

## GROUND HOG DAY

This is a great opportunity to talk about our shadows and to look for them. We will have a fun story about a groundhog named Gregory who finds his shadow.
